# FORT MACLEOD AND DISTRICT

## COMMUNITY RESOURCE DIRECTORY

The Fort Macleod & District Family & Community Support Services is pleased to present this updated edition of the Community Resource Directory. This publication is designed to help all residents find their way to the large number of community groups, recreational bodies, government services, and helping agencies operating in and around Fort Macleod. It is throughout involvement with these different groups and agencies that we create and find a sense of community.

The Community Resource Directory is provided as part of the FCSS mandate to inform the community of available services in the community. Every effort had been made to include the most current information on the many agencies, organization, and services available in our community at the time of publication. To make additions, change, or corrections to the directory please contact the FCSS office at 403-553-4491.

Data used in compiling the Community Resource Directory had been obtained primarily from information submitted by each organization. The listing of an agency does not necessarily constitute endorsement of its purpose, method, or quality of service by the Town of Fort Macleod. The directory is only a guide to services.
